25X1 6. [ ] Met with Bill Woodruff, on the staff of the Senate Appropriations Committee, and brought him up-to-date on a number of items including: Soviet activity in Mongolia, North Vietnamese action in northern Laos, the [ ] continuing analysis of the new Soviet bomber, and the "Libyan Brigade." 25X1

I mentioned to Woodruff the information we had about Bill Miller, of Senator Sherman Cooper's (R., Ky.) staff, drafting an amendment to the National Security Act to provide for the transmission of intelligence information to the Congress. Woodruff said he didn't see how legislation of this sort could be adequately drafted and agreed with our view that any amendment to the National Security Act would have to be referred to the Armed Services Committee. He also expressed some doubt as to whether Senator Cooper would introduce such a bill.

25X1 7. [ ] Met with James Kendall, Chief Counsel of the Senate Preparedness Subcommittee and briefed him on the following items: Soviet activity in Mongolia, North Vietnamese action in northern Laos, the [ ] continuing analysis of the new Soviet bomber, and the "Libyan Brigade." 25X1

I also left with Kendall the latest review of the [ ] Worksheets dated 7 January 1970.

I talked with Kendall about our intention to debrief William Spell, Everett Harper, and James Shaw of their special security clearances when they actually leave the Senate payroll. Spell has left the payroll but will be available; Harper and Shaw will be working for the Subcommittee until June or July.

25X1 8. [ ] Met briefly with Ed Braswell, on the staff of the Senate Armed Services Committee, and mentioned the information we had about Bill Miller and his draft legislation to amend the National Security Act. Braswell agreed with our thoughts and those of Bill Woodruff on this and said he thought there was little chance of anything really developing on this.

1. [ ] Bill Woodruff, Senate Appropriations Committee staff, called and said he would like someone to come up early next week (preferably Monday) to review the transcript of the Senate debate on Laos which was held in Secret session. Woodruff would like our recommendations on security deletions from the transcript prior to its publication in the Congressional Record. I told him I would check on this and be back in touch with him.

2. [ ] Marion Ball, of USIA, called to say that Everett Bierman, on the House Foreign Affairs Committee staff, had queried them in an attempt to obtain foreign comment on Vice President Agnew's travels, especially in Thailand. I am checking on this.

25X1A 4. [ ] Received a call from [ ] of [ ] office in DIA, who said DIA was planning to brief the Senate Preparedness Subcommittee staff and the House Armed Services Committee staff on the Soviet ICBM threat. The Senate briefing is scheduled for 1400 hours on Monday, 12 January 1970. The House briefing has not yet been scheduled. [ ] asked whether we would wish to have a representative present or to review the briefing material which would include material of the highest classification, in advance. After consulting with Dr. Proctor, Acting DDI, I called [ ] to say we probably would not wish to have a representative present, but that I would let him know later whether we would like to review their material in advance.

5. [ ] Susan Broh, in the office of Representative Ken Hechler (D., W.Va.), called on behalf of a constituent to inquire whether we have any employment brochures for [ ] I told her I was quite sure we didn't have and suggested that she buck the letter to us for a suggested reply, which she said she would do.

I talked briefly with Kendall about the recent changes in the Preparedness staff. He added that he expects Dorothy Fosdick may handle the staff work for Jackson's new subcommittee.
